Representative David Simpson

38th Legislative District

How You Can Reach Me

My name is David Simpson. I'm proud to have been appointed to serve as one of your Washington state legislators. It is an honor to join Representative John McCoy and Senator Jean Berkey in our 38th Legislative District delegation to the capital in Olympia!

Our district includes the Everett, Marysville and Tulalip portion of Snohomish County. Very few other regions boast such a diversity of urban, suburban and rural concerns!

In almost a quarter century working at Boeing and with several years on the Everett City Council, I've acquired a good idea what goes into building a community's quality of life. I believe in *Working Together* to strengthen our neighborhoods, our schools, and our economy. And importantly, this is a team effort: *Bipartisanship* is fundamental in our work to do the job for Washington!

Cooperation — that's what it's all about! We must work together on economic development, for example, as well as public-safety issues. It's great that Snohomish County won the race to launch Boeing's 7E7 Dreamliner. (We earned it!) But we're not done. **Now to state government, I say: Let's go out and keep building a Washington that works for working families, young kids, and retired citizens.**

As one of your legislators, *I answer to you*. Before I make any decisions in Olympia, I will always take into large consideration what the people of Snohomish County have to say.

Please know that I look very forward to reading and hearing what you think. As one of your state representatives, it's both my privilege and my responsibility to work with citizens in a swift and professional manner.

How I Can Help You

You're always welcome to contact me, especially if:

- **You have a problem with a state agency.**

Don't hesitate to call, write, or e-mail if you have difficulty getting an answer from someone or some state office. I'll do my best to help solve your problem.

- **You have questions or comments about specific legislation.**

To best represent Snohomish County people, I want to know where you stand on the legislative bills we're discussing. Please call or write if you want to know details on an issue that you've heard about. I'll send you a copy of the bill and other information — whatever it takes to respond to your question!

- **You have an idea for legislation.**

Contact my office whenever something occurs to you that you think should be a state law — or if you want to abolish an existing law. It seems to me that ideas from citizens often make the most sense!

- **You want to testify on a bill.**

If you feel strongly about a bill or issue, please consider testifying in the appropriate legislative committee. Legislators need to hear what people think — and my office can let you know when hearing dates are scheduled.

- **You simply need a hand.**

If you need a suggestion to help resolve any other kind of problem, I'll always do whatever I can to help!

What Do You Think?

"Actiongram"

I want to know what you think, so don't ever hesitate to get in touch! Just use this card to name your "Top 5 Issues" — and tell me your other feelings about state government.
